

ANTI-MONEY LAUNDERING AND KYC COMPLIANCE POLICY

FINANCIAL SERVICES COMPLIANCE AND AUDIT STANDARDS

Section 1: CUSTOMER IDENTIFICATION PROGRAM (CIP)

To prevent money laundering, Vertex Financials must verify the identity of every customer opening an account. CIP requires verifying the customer's full legal name, date of birth, physical address, and government-issued ID number before conducting transactions.

Section 2: SUSPICIOUS ACTIVITY REPORTING (SAR)

Employees must report any transaction or series of transactions exceeding ten thousand dollars (\$10,000) that seems suspicious. A Suspicious Activity Report (SAR) must be filed with FinCEN within thirty (30) calendar days of detecting the suspicious behavior.

Section 3: RECORD KEEPING AND AUDIT

All AML and CIP records, including customer identification records and filed SARs, must be retained for a minimum of five (5) years after the account is closed. Independent audits of the AML program must be conducted annually.
